ORBIT SCONCE

hardwired

Description

The Orbit Sconce is a modern interpretation of an early American candle form. With a reflective spun brass disc rotating 320 degrees, the sconce can act as both a reflector and deflector of light. The most elemental piece of the Orbit Series, the sconce radiates a unique and warm glow from a single point of light.

Materials

Hewn Brass
Bronze
Nickel

Dimensions

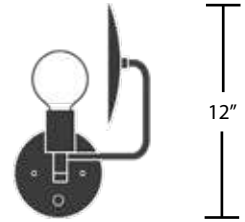

Disc - 7"
Canopy - 5"

Weight

4 lbs

Lamp

60 Watt Max
